

LandCrafters is a high-end residential Landscape Design Build and Maintenance company that serves all of the Milwaukee metro area. We have been in business since 1995 and continue to experience growth in all aspects of our company. Listed below are the current positions we have available:

Delivery Driver

The Delivery Driver reports directly to the Operations Manager and is responsible for the timely delivery of landscape materials and equipment to and from job sites, loading and unloading trucks in our yard, as well as sorting, tagging, and maintaining those materials. Secondary responsibilities include small equipment maintenance and repair, yard projects, and/or working with our production crews.

Being a self-driven and motivated individual that is able to route him-or herself each day with a valid Wisconsin driver's license and a clean driving record are requirements for this position. A Class A CDL *or* the ability to obtain a Class A CDL within 60 days of hiring is very beneficial.

Job Type: Full-time Pay: \$16.00 - \$20.00 per hour

Landscape Construction Crew Leader

Our Landscape Construction Crew Leaders report to our Project Manager and are organized, detail-orientated leaders who possess a positive attitude and are comfortable developing client relationships. Applicants will have experience in all aspects of landscape construction and understand proper installation techniques. Applicants will be able to direct a crew, efficiently operate various pieces of equipment related to landscape construction, accurately shoot grades, as well as coordinate materials and equipment necessary to complete the project. Applicants must possess a valid driver's license with a good driving record. Possessing a valid Class A CDL *or* the ability to obtain one within 60 days of hiring, and/or being a Landscape Industry Certified Technician are a plus.

Job Type: Full-time Pay: \$18.00 - \$22.00 per hour

Landscape Construction Technician

The Landscape Construction Technician supports our experienced Crew Leaders while installing high end residential landscape projects. After a period of training, we expect this individual to move into a Crew Leader position. Applicants must possess a valid driver's license with a good driving record and have experience with landscape construction and installation. Good communication skills and attention to detail are also important. We will train and there is room for advancement.

Job Type: Full-time Pay: \$14.00 - \$18.00 per hour

Residential Technical Maintenance Crew Leader

Our Residential Technical Maintenance Crew Leaders are responsible for the weekly upkeep of all aspects of the landscapes of our residential clients. Ideal candidates will have experience with residential landscape maintenance and understand proper horticultural techniques. They will be able to direct a crew and coordinate the necessary materials and equipment to complete the job. Applicants must possess a valid driver's license with a good driving record. Possessing a Wisconsin pesticide license *or* the ability to acquire one within 3 months of employment and/or being a Landscape Industry Certified Technician are a plus.

Job Type: Full-time Pay: \$16.00 - \$22.00 per hour

Lawn Care Technician

LandCrafters currently has an opening for an environmentally conscious Lawn Care Technician that can work independently on high end residential properties. The part-time Lawn Care Technician would be responsible for performing all aspects of our lawn care program during the prescribed time frames for application. The full-time position would allow the Technician a variety of opportunities when not doing lawn care. Those opportunities would include, among other things, working on a residential maintenance crew, working on a landscape construction crew, or assisting with the pickup and delivery of equipment and or materials for our crews.

Ideal candidates will have one or two years of lawn care experience, possess a current Wisconsin Pesticide Applicator License with Turf and Landscape Certification, and have a current driver's license with a clean driving record.

Job Types: Full-time, Part-time Pay: \$17.00 - \$21.00 per hour

Landscape Construction Project Manager

The Project Manager is the primary driver and client liaison ensuring that we exceed their quality and service expectations while delivering their landscape project. Reporting directly to the Operations Manager, the PM is responsible for overseeing our landscape design build projects. The PM is responsible for completely understanding the client agreement and overseeing the project through all phases including, but not limited to, directing implementation with our experienced crews, subcontractors, vendors, inspectors, and billing manager. The PM also serves as a Subject Matter Expert to sales.

A successful Project Manager delivers multiple projects simultaneously adhering to promised schedules, at planned gross profit, while giving attention to detail and holding our crews to our quality standards. The PM is responsible for providing complete communication among stake holders.

Qualified candidates demonstrate a history of independent performance including leadership and training skills, superior communication abilities, teamwork, time management, safety management, construction (hardscape and softscape) knowledge, general computer skills (email, Microsoft office, and job cost programs) and a safe driving record. A degree in Horticulture, Landscape Construction or Construction Management is preferred. Candidates with at least 5 years of industry/field experience are also welcome to apply.

Job Type: Full Time Pay: Competitive compensation and benefits.

If you are interested in any of the above listed positions, please email your resume to our Operations Manager, Brian Kuecker, at brian@landcrafterslandscaping.com
